Victory Loan Drive Commences Apr 26

The Fourth Victory Loan campaign opens on April 26. Alberta's objective has been set at \$33,000,000 as compared with \$20,000,000 in the Victory Loan drive of last fall.

The \$33,000,000 objective is broken down into \$22,000,000 from general sales and payroll deductions, and \$11,000,000 from special names, non-banking corporations, etc. (\$25,000 and over).

The national objective is \$1,100,000,000. This will be offered in two maturities.

One is a 3½ year issue, maturing Nov. 1, 1946, at 100 with interest at 1½ per annum. The short term bonds will not be redeemable before maturity.

Another 15 year issue, maturing May 1, 1957 at 100 bears interest at 2½. The long term bonds will be redeemable at the option of the government at 100 and accrued interest on or after May 1, 1954 on 60 days notice.

The three per cent bonds will be offered in denominations of \$50, \$100, \$500 and \$1000 as in previous loans. Bonds may be paid for either in cash at the time of application or by instalments plus accrued interest.

The record of savings deposits in Alberta banks shows large sums in the aggregate now available for the new Victory bonds.

The national objective of the Victory Loan last fall was 750 million and almost one billion dollars was realized. The present objective is in excess of one billion.

Hon. J. L. Hsley in announcing the loan says it calls for a supreme effort on the part of the Canadian people, the greatest financial challenge with which they have been faced.

The new loan is necessary because amounts raised by taxation are far below requirements. It is estimated that the expenditure of Canada for the current year will be 5½ billion dollars. The total estimated revenue is \$2,752,200,000, leaving a deficit of \$2,748,000,000. This must be met by borrowing and the loan will cover about half the estimated deficit. Another half will come up in the fall.

LOCAL SETUP READY FOR FOURTH VICTORY LOAN

A meeting of the Vulcan and district Victory Loan committee met at the town office on Thursday evening last, when they were addressed by Sidney Robbins of Calgary, District Organizer for Canada's Fourth Victory Loan. The local committee had preparations well in hand and everything in readiness for the campaign which starts on Monday, April 26th. Their is a need for two more canvassers however. Volunteers preferred. The task of raising one billion, one hundred million dollars to help pay the cost of war for 1943 will be one of the toughest assignments of the war to date.

Considering the campaign from the angle of our own campaign, it means that a \$100 bond must be bought by every man, woman and child. But there is no talk of sacrifice in subscribing to this new Victory Loan. Setting aside money from our savings to loan it to our country at a generous rate of interest isn't sacrifice. From the standpoint of the individual and the nation it is good business.

At Thursday's meeting matters of local organization were under discussion and the methods of relieving the rural canvass from farmers busy in seed time was outlined. Elevator agents are being brought into the picture.

The local organization stands intact from loan to loan subject always to the availability of the men who volunteer to do this work.

For Those Under \$3000 Per Year

Finance Minister Hsley gave notice of an amendment to the income tax budget resolutions, designed to make possible a simplified income tax form and save figuring for persons in the lower income brackets.

It provides that individuals receiving incomes from all sources of not more than \$3,000 and not receiving investment income of more than \$1,500 shall be subject to the amount of tax set forth in a table to be approved by the governor-in-council.

The government will do the figuring on the incomes of lower brackets.

NOTICE

The local Ration Board office has been moved to the town police barracks bldg. situated next to the Fire Hall. Office hours from 1:00 to 5:00 p.m. daily except Wednesdays.

WAR NOTES

Reports That Key Men of Rommel Army Are Evacuating. Pierce Attacks in Donets Basin; Bombers Blast Ruhr

New drives against Rommel's escape corridor in Tunisia, in which British, American and French troops are participating, are narrowing Axis chances of orderly retreat. Allied air superiority is playing its effective part.

Recent reports indicate that the Axis is being shoved back at all points where attacks are made. Food and ammunition are becoming a grave problem to the Rommel armies. There is word that Italian troops are being deliberately sacrificed to save shipping space when the evacuation which seems inevitable takes place. Transport planes are reported to be removing key officers and technicians from Tunisia to Sicily.

General Eisenhower speaks of the "full price" which the Allies are now in position to exact from the enemy in Africa. This is taken as meaning annihilation or surrender. It is 100 miles from Tunis to Sicily, but land, air and sea forces of the Allies are on hand to harass any large scale retreat.

Speed is a factor in closing out the Tunisian campaign, because the Nazis are piling up great defensive works against invasion by way of the Mediterranean. General Montgomery's admonition to his troops is "Let's us make the enemy endure a first class Dunkirk."

No Progress in Donets Basin
Similarly the news from Russia is unfavorable to the Germans. Repeatedly Axis attacks have been hurled back in the Donets basin. Although no large scale engagements have marked the past week, the Reds are consistently holding their own, and German counter attacks have availed nothing. The battle for the Donets basin is one of the vital events of the Russo-German struggle.

Meanwhile Germany is experiencing less co-operation from its vassal states. Rumanian armies are terribly weakened. Hungarians fear Rumania. Bulgarians refuse to fight in Russia. Italy grows steadily less reliable as an ally; the Germans have assumed full military and civil control in Greece.

Bombing the Ruhr
The Ruhr Valley was the target for P.A.F. day and night attack over the weekend.

Photographs have revealed the destruction to the Krupp works in the sustained attack on April 3 and 4.

A mass raid earlier last week engaged R.A.F. and R.C.A.F. bombers. Twenty-one bombers were reported missing after this raid. In addition to these attacks along the industrial valley, mines were laid in enemy waters, and there were flights over northern France.

Britain's Aid to U.S. Industry

British contribution to U.S. war industry effort under the lend lease plan has mounted to billions. Before U.S. entered the war cash contracts for war supplies placed by Britain in United States neared the four billion mark. By the end of 1942 these had reached almost nine billion. This laid the foundation for the expansion of the aircraft industry. The shipbuilding industry also got a big start by British investment and aid. The Kaiser ships have been based on British design, and it was British, American and Canadian designers that devised the Sherman tank used successfully in Africa. British anti-aircraft guns were turned to defense of the Panama and the Pacific. British corvettes engaged in the Caribbean U boat fights and R.A.F. assisted in patrol of American waters.

British machinery was sent to U.S. to make shells for the U.S. army. Whole plants were moved across the Atlantic and hundreds of RAF instructors were sent to teach U.S. pupils.

All secrets in explosives, etc. have been shared. All supplies, airdromes and accommodation for U.S. army in Britain have been handed over without cost. All over the British Empire the lend lease operates.

It is believed that the U.S. lend lease to Britain does not greatly exceed Britain's lend-lease to U.S.

Diocese Covered 70,000 Sq. Miles

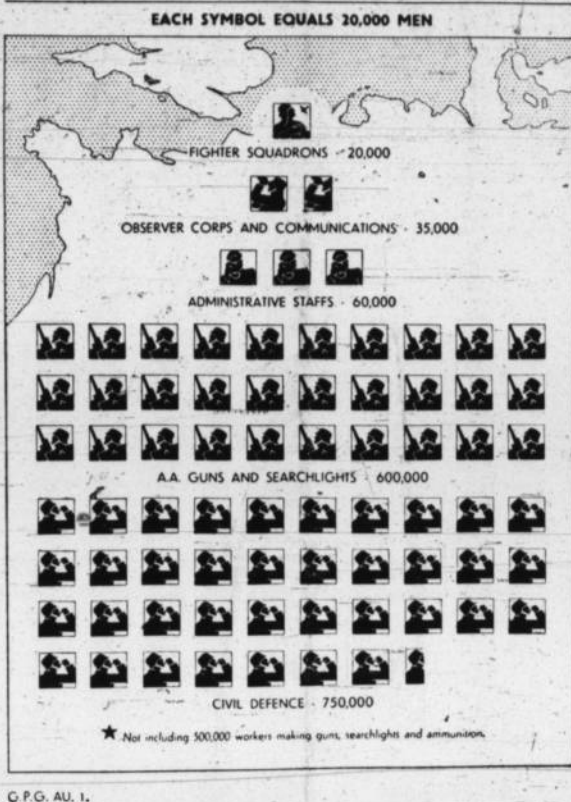

A clipping from the New York Times, announcing the death of Bishop W. G. Capers at San Antonio, Texas refers to the fact that the bishopric of San Antonio which he held, covered an area of 70,000 square miles.

Bishop Capers had been ill only a week when his death occurred at the age of 75 years. He entered the ministry at Anderson in the Carolinas in 1876 and is survived by three sons, W. T. of Vicksburg, Miss.; Sam of San Antonio and Ellison of Poughkeepsie, New York.

BERRYWATER NEWS

Mr. Meredith Shatto has returned to his home from Calgary, where he has been attending the Bible Institute College.

Pte. Albert Hellevang of Barrielfield camp, Kingston, Ont., has been spending a short leave at his home here.

Correction: Mrs. B. Sharp is visiting at the home of her mother at Majorsville and not at the home of her daughter at Bassano as was incorrectly reported in last week's issue.

Northcott-Osler
A wedding of local interest took place in the hostess hall of the single R.C.A.F. station at St. Thomas, Ont., recently, when Jeanette Osler, eldest daughter of Mr. and Mrs. W. Osler of Vancouver, B.C., formerly of Milo, became the bride of Harold Northcott, youngest son of Mr. and Mrs. C. J. Northcott of Milo. The padre of the station, officiating. After the ceremony the friends of the young couple partook a wedding lunch served in the hostess hall. Among the guests were Miss Davidson, former district nurse for Marquis municipality. The happy couple will make their home at St. Thomas where the groom is stationed.

KIRKCALDY

The Kirkcaldy Women's institute will hold their next meeting at the home of Mrs. Boose on April 22. The March meeting was cancelled owing to bad roads.

Charles Grant and Arthur Grant who have been spending the winter in Los Angeles arrived here last week to look after their farming interests.

Miss Marjorie Kehr was a weekend visitor in Calgary.

Mr. L. Wilhite and son, Rodney and Miss Roxy Wilhite visited for a few days this week with relatives at Claresholm.

Mr. and Mrs. L. Maisey and daughter Gail of Herrington were weekend visitors at the home of Mr. and Mrs. Bert Maisey. They were accompanied home by Mrs. A. J. Maisey where she will visit for a week.

Mrs. Cal Hollister and daughter Betty, spent last week visiting with relatives at Champion.

Threshing is again under way this week after the recent rain and it is hoped that it will be completed within the next few days.

Engagement Announced

An engagement of considerable local interest was made last week when Mr. and Mrs. H. W. Johnston announced the forthcoming wedding of their elder daughter, Marie Elizabeth to Mr. David Allen Gillespie, only son of Mr. and Mrs. A. Gillespie of Calgary. The wedding will take place on April 22 at the Church of Christ here.

CONCERT PARTY AT AIRPORT

The Canadian Corps Ass'n Concert Party from Calgary, staged a concert at the recreation hall at No. 2 F.I.S. here on Sunday night.

Composed of veterans of the last war and their sons and daughters, the concert party of 16 members staged an hour and a half of very enjoyable entertainment as was attested by the acclaim of the audience, his was 318th concert they have staged since the outbreak of war.

All members of the cast took part in the band numbers in which they used novel instruments that have to be seen to be appreciated fully.

Bob Kennedy directed the show assisted by Bob Deane. Don Hamer acted as master of ceremonies and gave a very creditable performance as a Scottish comedian. Mrs. Blair was pianist.

Josephine Blair rendered two popular songs. The three Earle sisters, Lois, Lucy and Ailie, gave a much appreciated vocal trio and later in the program gave an oriental dance number. Ernestine Grover or "Cookie" as she was called, danced an Irish Jig and later gave a tap dance, both of which showed considerable talent.

Betty Grover gave a vocal number while dressed as a cowgirl and twirled a lasso throughout.

Art Craig, Legion representative at Currie Barracks, thoroughly delighted the audience with several selections at the piano.

Josephine and Ernestine Blair and Betty Grover rendered an Hawaiian dance number in costume which proved most acceptable to the crowd which insisted on more encores.

The highlight of the program was Harry Lee as the straight-faced English comedian who entertained with songs and stories, and was called back time and time again.

Other members of the party consisted of: Bill Riddle, Mary Baird, Johnnie Clow, Chas. Kerr and Jimmy Watson.

THIGH HILL W. I.

The regular meeting of the Thigh Hill W.I. was held at the home of Mrs. W. Myers on Thursday, April 8th. Roll call was "Penny Clutching" and brought forth some highly ingenious ideas. Mrs. G. L. Clifford, Red Cross representative for the branch reported eleven quilts had been turned in since January. Mrs. Earl Deal, secretary of the local Rest Room reported that funds were very low and donations badly needed. In response to this appeal the Thigh Hill members voted a \$5.00 donation. Mrs. G. Voisey, the constituency convener, was the guest speaker for the afternoon and brought a full and interesting report of the district conference held in Calgary in March. After adjournment a sale of 25 cent parcels was held and proved very interesting. Also an exchange of seed, and cutting of plants among the members was enjoyed. The hostess served a delicious Lenten luncheon and the tea draw was won by Mrs. M. L. Todd. The next meeting will be held at the home of Mrs. A. McKague and roll call will be "A One Minute Talk on a Noted Woman."

OBITUARY

Mrs. Edna Oral Phillips

Mrs. Edna Oral Phillips aged 62 years beloved wife of J. S. Phillips of Vulcan, passed away in the Vulcan hospital on Saturday, April 10th, following a lengthy illness.

Born at Viljica, Iowa, she moved to Washington in 1900 and in 1909 she came to Alberta settling in the Vulcan district. During her long residence here she saw the town of Vulcan spring up where formerly there was only prairie, saw the railway come through and during these 34 years endeared herself to many.

She is survived by her husband; two sons, Dale of Vulcan, and Dean of Claresholm; one sister Mrs. W. J. Burns of Fairfield, Idaho; and two brothers A. A. Bolt of Pendleton, Ore., and J. W. Bolt of Hill City, Idaho.

Funeral services will be held from the United Church on Thursday afternoon at 2:30 p.m., Rev. S. Pike conducting the services.

Interment will follow in the Vulcan cemetery. Snodgrass Funeral Home in charge of arrangements.

Elizabeth Dora McLeod

Elizabeth Dora McLeod, aged 79 years of Champion, passed away in the Carmangay hospital on April 8th following a six weeks' illness.

Born at Owen Sound, Ont., she moved to Duluth in early life and there married Malcolm McLeod in 1893. In 1903 they moved to what is now the Champion district, they being among the first settlers. There her husband engaged in farming and the rural grocery business until he predeceased her in 1910.

Surviving are three sons, William in Detroit, Bruce at Port Angeles, Wash., and Amos at Champion.

Funeral services were held in the Carmangay hall on Saturday, April 10 at 1:30 p.m. with Snodgrass Funeral Home in charge of arrangements.

Mrs. Mary Bateman Dies at 84 Years

Mrs. Mary Bateman of Brant, passed away on April 5 at the age of 84 years. Born in Minnesota, Mrs. Bateman came with her husband, the late Henry Bateman to Alberta, in 1904, and with their family they settled near Brant. They lived there till Mr. Bateman's death in 1916. Surviving members of the family are two sons, George of Brant, and Lac Ken Bateman of the R.C.A.F. stationed at Allford Bay, B.C.; and two daughters, Mrs. Mitten of Blackie and Mrs. Boettcher of Melrose, Montana.

Older residents of Brant district recall the many kindnesses of Mrs. Bateman in the early days. She was a mother to the community—her home was the stopping place for all weary travellers. During her active years she took a leading and helpful part in the development of the district and community organizations.

Funeral services will be held from Blackie on Thursday at 2:30 with arrangements in charge of the Snodgrass Funeral Home.

The pallbearers consisted of the following former old-time neighbors and good friends: Dave Bertran, Homer Wilderman, Wilbur Richardson, Albert Swartz, Gus Spanke, J. F. Casteel.

C.W. Loose Has Series of Misfortunes over Week-end

C. W. Loose had more than his share of misfortune over the weekend. On Saturday while burning stubble, the fire got out of control and while fighting it he burned his leg quite painfully and burnt the tires on his truck, but got the blaze under control before it spread very far. On Monday fire threatened his large gas storage tank on the home place. It was put out with damage done to the motor and hoses, but all present had an anxious time for a while. To climax the whole thing fire broke out on his field of swathed grain three miles south of Vulcan. Neighbors and townspeople gathered and after a desperate battle, brought the flames under control but only after some 130 acres of crop were destroyed.

At the same time Monday a stubble field belonging to Harry Hansen, near Kirkcaldy, caught fire. The farm buildings were seriously threatened but neighbors brought the blaze under control just in time.

These two fires started just before noon and are thought to have been caused by the noon train which passed through at that time.

Farm Income Tax Debate in Commons

(Ralph Mackay, Calgary Herald)

One of the chief difficulties in instituting a system of taxation on farmers' income has been the complicated nature of the business where one year's revenue runs into the other and payments on various investments run over a number of years.

A farmer, as an example, buys a high priced bull calf and pays a considerable amount of money for an investment that does not bring returns at any one time.

It may well be that among the progeny of that sire there is one animal that might sell for a high price after the farmer had kept and cared for it for several years.

The sale being made in one year, brings taxable income to a high figure in spite of the fact the expense has been going on for a long time.

In debate in the House of Commons, Gordon Graydon, Progressive Conservative House leader, said farmers were apt to "throw up their hands" in attempting to make out income tax returns, and some simpler method should be devised, perhaps in the shape of a special form for farmers.

Revenue Minister Gibson said the new simplified form would be of assistance to farmers.

Farmer members from all groups in the House united in an appeal to the government to be more generous in the charges farmers may make against their income for tax purposes, particularly in respect to the work performed by the farm wife and children.

Robert Fair (ND.), Battle River went further and urged that the income tax on farmers be abolished altogether since less than 1,500 out of an estimated 750,000 farmers paid income tax last year.

Seek Protection For Farm Debtor

Western Interests Urging Dominion Action. Order-in-Council May Give Power to Stay Foreclosures

Following representation made by a western delegation at Ottawa, the Dominion may take steps by order-in-council to meet the debt situation of the west. A bill will be introduced to make the Farmer-Creditor Arrangement Act more effective and extend operations to Manitoba as well as Alberta and Saskatchewan.

An order-in-council will also be passed as a war measure conferring certain powers for the staying of actions for foreclosures and the altering of terms of contracts in order to keep efficient farmers on the land.

In March a western delegation headed by Hon. L. Maynard presented to Ottawa a draft for a new farm debt act.

The proposed act provides for the appointment of tribunals similar to the Boards of Review under the Farmers' Creditors Arrangement Act. These tribunals are to have the power to:

1. Write down the principal of farm debts, secured and unsecured.
2. Reduce the rate of interest on farm debts, secured and unsecured.
3. Alter the terms of payment of farm debts.
4. Review and revise its own decisions in the light of events subsequent to making the decision.
5. Extend to individuals in any particular year or circumstances the protection of any of the provisions of this legislation available to any debtor whose affairs are being administered under it.
6. Stay proceedings arising on debts and securities after an adjudication has been made.
7. Make the foregoing remedies available with respect to any farm debt regardless of the time at which they were incurred.

How far the government will go in meeting such proposals is not clear. But if the Farmer-Creditor Arrangement Act can revise its own decisions in the light of unforeseen developments of markets and crops, something would be gained.

The uncertainty of western investment has made it difficult to purchase land except for cash or substantial down payment. This is hampering the ability of on-coming young farmers to own their own land.

Champion News

Mrs. C. A. Williamson, agent in charge of the Alberta Govt. Telephone office here for the past 25 years, left Saturday night for Victoria, where she will reside. Mrs. Williamson has been in failing health for the past few years and she was at last forced to give up the work in which she was so interested and efficient for so many years. She leaves in Champion a host of friends who sincerely regret her departure. Mrs. Williamson played a very active part in all community affairs, being a member of the United Church, an active member of the Ladies' Aid, an enthusiastic Red Cross worker and a past matron of the Champion Chapter, O.E.S. Several friends were at the station Saturday to bid farewell and she left amid a host of good wishes. She was accompanied to the coast by her daughter, Mrs. Peek-Vaut. Miss Laura Chaproniere will be agent in charge for the time being.

The regular meeting of the Village Council was held on Monday, April 5th. It was decided to hold meetings on the first Monday of each month. W. A. McIntyre was appointed deputy mayor. The council purchased a mowing machine for the exclusive use of the village. Radio interference in town had been reported to the council and this was ordered taken up with the radio inspector in Calgary. Efforts were being made to obtain an assessor for the year. C. W. May having informed the village that he would be unable to act this year.

The board of the Champion Consolidated School met Thursday evening, April 6th. School will be closed for Easter holidays on April 22 and reopen Monday, May 3rd. Mrs. Harry Smith was appointed vice-chairman. A letter was received from Don Swanson of Edmonton, requesting a reference from the board and same was ordered sent. A special meeting will be held Friday, April 16 when the board will meet with the teachers to discuss the salary schedule. The appointment of an assessor was discussed.

Mrs. G. Urquhart returned Thursday from Lethbridge where she has been visiting her father J. H. Schooley who has been ill. Mrs. Urquhart stated that during her stay it had been necessary to call a doctor. It was the first time in Mr. Schooley's 77 years that he had been under medical care. Dr. P. M. Campbell, M.L.A. was the attending physician. Mrs. Urquhart will return to Lethbridge where she will reside for the next month in order to be with her father.

The following articles were packed and shipped from the Red Cross rooms this week: 24 girls' dresses, 10 boys' shirts, 10 girls' pants, 10 pr. boys' pajamas, 9 boys' hose, 1 boy's sweater, 1 baby shawl, 5 baby sweaters, 4 baby bonnets, 1 pr. soakers, 1 pr. baby booties, 15 pair gloves, 18 pr. service socks, 7 pr. seamen's socks, 5 pr. seamen's stockings, 2 sleeveless sweaters, 117 handkerchiefs, 19 wash cloths, 11 quilts and two baby quilts. The dresses deserve special mention as there was a great deal of work involved in their making and undoubtedly they will delight their recipients.

Mrs. W. F. Bozarth was a recent visitor in Calgary. While in the city she attended the chirstening exercises for Roger Douglas Murray Johnson and Elgin Douglas Bruce Johnson, the two sons of Mr. and Mrs. Len Johnson.

The auction sale held at the Bowman farm on Monday drew a large crowd and netted good prices.

Miss Margaret Carlson who returned at the week-end from Calgary, spent a few days visiting with Mr. and Mrs. W. F. Bozarth.

Mr. and Mrs. Russel Hegland are receiving congratulations on the birth

of a daughter at the Carmangay hospital on Wednesday, April 7th.

Frank Bowman who has been a visitor here from Edinburgh, Indiana, left Wednesday for his home.

Mr. and Mrs. Frank Little, Mrs. B. Hummel and Ramon Hummel were Calgary visitors this week. While in Calgary Ramon was a guest at the Polican program at CJOC and sang over the air.

Mr. and Mrs. S. Sandford of Nemiskam, are receiving congratulations on the birth of a son at St. Michael's hospital, Lethbridge, on Thursday, April 1st.

Mr. and Mrs. Norman Patterson who left Champion for Chilliwack, B.C. last spring, have again taken up residence on their farm. Mr. and Mrs. Burns who have been in charge of the farm during their absence left for their home in B.C.

Miss Esther Ferguson is a patient in St. Michael's hospital, Lethbridge, having undergone an operation. Her progress is favorable.

Mrs. Bulman of Seattle who has been visiting in Calgary is the guest of her daughter, Mrs. W. A. McIntyre.

There is a chronic shortage of farm labor, Mr. Ross stated, and as fast as the men come in they are being placed.

There were 3,500 ordered back to farm work by April 15 in the Edmonton area.

The Timely Help of Convenient Service

Nothing is more irksome than to be held-up or delayed in a busy season. Seeding, haying, or harvesting are jobs that a man wants to keep at and get done as soon as possible.

The timely help of convenient service is a mighty important factor in cutting down lost time when spare parts or machine service is required. In those days when farmers are being called upon to do more with less help it means a great deal to be able to telephone or call upon a local dealer and get what is wanted quickly and surely.

Established and organized to meet this ever-present need of agriculture for quick service contact, the Massey-Harris organization of branches, distributing centres, and local dealers has been geared to wartime needs. For complete machine overhauls and for prompt parts service, get in touch with your local Massey-Harris dealer.

MOBILE RECRUITING UNIT

A mobile recruiting unit of the Canadian Army Corps leaves Calgary on April 19th to spend a fortnight in south-western Alberta. The party will be composed of 2nd Lieut. E. Lucile Innes and Pte. Vera Shirley of the C.W.A.C. recruiting staff, and the C.W.A.C. driver of the transport.

They spend several days going to Lethbridge via Blackie and Vulcan, and after a trip further south to the border, to Coutts, they return to Calgary by Claresholm and High River. They also take a side trip to Blairmore and Coleman.

Particularly required at the present time are cooks, provosts, stenographers and accountants, or girls who can be trained for these trades. There are forty other trades in which girls may enlist or in which they may take trades training after completing their basic training.

Applications may be made to local civilian advisor, to the C.W.A.C. recruiting office, Union Building, or the District Recruiting Office, Provincial Building in Calgary. Interviews may be arranged with the members of the mobile unit as they tour the cities and smaller communities of the south-west in the near future.

The itinerary includes Vulcan on Monday, April 19th from 4 p.m. to 9 p.m.; civilian advisor is Mrs. R. Flynn.

Dependents who were receiving the usual dependents' allowance and assigned pay, will receive the same amount monthly for six months after a man in the armed forces may be reported killed or missing.

65 Fatal Accidents Prov. Car Driving

Alberta had 65 fatal motor vehicle accidents in 1942, or three less than the previous year, according to official figures received by the Alberta Motor Association from provincial authorities.

Among the causes of these accidents were excessive speed, level railway crossings, intoxication, trying to pass cars on hills and curves, careless and negligent driving, colliding with or running into street cars, motor cyclists, children running across street or roadway.

Deaths in some accidents resulted after the car had skidded on wet, icy or slippery roads or in loose gravel.

Drivers' licenses suspended in Alberta during the last year numbered 236, according to a report of operations of the provincial secretary's department.

During the year, convictions for intoxication while in charge of a car numbered 48.

Officials of the Alberta Motor Association observed that there had been a reduction in the number of motor vehicle accidents in the province. The total last year, in which the value of property damage exceeded \$25, was 3,375, compared with 3,183 the year before.

In the period from April 1, 1942, to Feb. 22, 1943, a total of 154,404 drivers' licenses had been issued in the province, compared with 164,754 up to March 31, 1942.

WHEN they come home—those boys who are fighting now—make them want to stay home. Make them happy and contented on the farm. They will have new ideas they want to try out. They may want to go in for new breeding stock; new crops; work out a drainage or irrigation project; do a big job of fertilizing. You are wearing out implements and equipment which cannot be replaced now. You may want to erect new buildings, or to add to present buildings. You may wish to modernize your farm with water or electricity. You may want a new motor car—new conveniences and comforts for your home. These things cost money. Save money now and invest your

savings in Victory Bonds. They will provide cash for things you will need when the war ends.

You can buy Victory Bonds for cash in a lump sum, or you can arrange to pay for them in convenient instalments over a period of six months.

Your Victory Bond salesman will be glad to tell you full particulars.

WHAT IS A VICTORY BOND?

A VICTORY BOND is the promise of the Dominion of Canada to repay in cash the full face value of the Bond at the time stipulated, with half-yearly interest at the rate of 3% per annum until maturity.

A Victory Bond is the safest investment in Canada. The entire resources of the Dominion stand behind it. Canada has been issuing bonds for 75 years, and has never failed to pay every dollar of principal and interest.

A Victory Bond is an asset more readily converted into cash than any other security.

Friday afternoon the Student Body of the high school assembled in the basement of the I.O.O.F. hall for the April meeting of the Students' Union.

The meeting was brought to order and opened with the singing of O Canada. President Irene Rushfeldt was in the chair.

Several items of business were discussed in the business section of the meeting. It was decided not to hold a variety programme since it is now so late in the season and the Grade XII students should be putting all available time into study. The question of school rings was also discussed and the subject of school crests was introduced. It was decided to leave both questions up to the executive for investigation.

After the business meeting closed, the monthly program was presented. Applauded as the best of the year, and one of the best in several years, it was in the form of a fashion show and was presented entirely by the Grade IX class. Throughout the show our capable emcee, Elmo Johnston, kept things moving and brought many a laugh with his well directed quips and lively add-libbing.

A hilarious assortment of costumes were modelled by the various students. Those drawing the biggest laughs being Ed. Arney in a distinctly feminine play suit, and Ronnie Craig wear-

ing the latest thing in ladies' bathing suits. Ralph Weber also caused his share of merriment with his two-piece evening ensemble.

Congratulations and the thanks of the student body go to the Grade Nines and their teacher, Mrs. Collier for this programme.

Through the last several parades the cadets have been wearing off tests and taking turns giving orders in competition for the various positions in the Corps. Highest scorer was made the Sergeant, three next highest Corporals, and the three next highest Lieutenants.

Results stood as follows; Sergeant, Harry Irvine; Corporals: Jon Wolfe, Alan Walker, John Irvine. Lieutenants: Myrel Clark, Pat Walker, David Jantzie.

The Cadets are waiting with anticipation for the arrival of uniforms which are expected at any time. Also with the return of warm weather, they have started shooting again, and are to enter the Royal Military College Club competition.

Canning Sugar Based On Supply

One hundred million pounds of sugar is available in Canada this year according to the War Prices Board. From this must be taken the demand under the weekly rations, and the re-

mainder will be the amount available for canning requirements.

As yet the basic suggestion of 15 pounds per person for urban areas, and the 25 pounds per person for rural areas, has not been set as an arbitrary amount. It is proposed as a basic guide. The housewife may get more or less.

Local rationing boards must inform headquarters what quantity of sugar would be required on the suggested 15 pound or 25 pound basis. Each applicant is supposed to be studied by the local ration board in the light of all requirements.

will turn in their estimate of individual present conditions. But housewives' After all returns are in at headquarters it will be possible to arrive at a fair allotment.

Cutting Beet Acreage

While the difficulty of importation of sugar sets limits on the amount of sugar available in Canada, there are news stories that the Southern Alberta sugar industry is likely to be seriously curtailed through labor shortage. Manitoba and Ontario sugar beet growers are also experiencing similar labor trouble.

Last week it was urged that the Dominion government close housing projects in B.C. on behalf of 12,000 Japs, as an inducement to these people to seek work in the beet fields.

Alberta was asked to produce 20,000 acres of beets this year, but unless workers are made available, there will in all probability be only 20,000

acres grown. Growers have already contracted for more than 90% of the 50,000 acres which the industry undertook to raise.

"If production of sugar is important, the government should immediately provide sufficient labor" is the argument.

Alberta beer quota was cut in half on April 1, with two-dozen small bottles a month the allowance.

Railways Have Good War Record

In this issue readers will notice a striking advertisement outlining the part which the Canadian railway service is playing in the war. In 1942 railway workers hauled 150 million tons of materials, double the amount of pre-war handling. They carried 20,000,000 new passengers. They built tanks, guns, shells, ships. There are 22,000 former railway employees now in the armed services.

Without this immense network of transportation across Canada maintained and in readiness by C.N.R. and C.P.R., this country could never have met the demands and commitments of war. But the smooth running machinery of co-operating employees and management has met the mounting requirements of passenger and freight service.

You need more than
HANDS

TO MAKE FARM MACHINERY OPERATE

YES, Mr. Farmer, you need proper lubrication, too, for no amount of manual effort can make machinery go when breakdowns happen. And, without proper lubrication, there are bound to be breakdowns that will cost you time and money.

To avoid the dangers of wear—to keep your farm equipment operating smoothly and at low cost—see your nearest McColl-Frontenac Representative, as soon as possible. He will supply you with the **right** farm lubricants to meet your particular needs.

Ask him, especially, about the following:

RED INDIAN MOTOR OIL and RED INDIAN AVIATION MOTOR OIL

Here are two great oils that will lengthen the life of any engine. They ensure full power and economy under all operating conditions. These finer oils combat acid corrosion, friction, waste and wear. They stand up under highest engine heat... they flow and lubricate the moment the engine starts.

TEXACO MARFAK For Wheel-Bearings and Vital Friction Points

This famous lubricant lasts longer and lubricates better under the toughest working

conditions. It is self-sealing and keeps the working lubricant in where it is needed most, prolonging life of bearings and universal joints by keeping out rain, mud and dust.

URSA X** (CANADA)

The Perfect Motor Oil for Diesel and Heavy-Duty Gasoline Engines.

Highly resistant to the formation of gum, sludge and carbon, Ursa X** (Canada) keeps rings, ring grooves, valves, screens and filters clean. Provides maximum bearing protection. Ensures full power and lower fuel consumption.

Save ALL WASTE fats & bones

Canada needs and must have every spoonful of fat drippings, every piece of scrap fat and every bone from every kitchen in Canada. Fats make glycerine and glycerine makes high explosives. Bones produce fat. Also glue for war industry. Don't throw away a single drop of used fat—bacon grease, meat drippings, frying fats—every kind you use. They are urgently needed to win this war. Strain all drippings through an ordinary strainer into a clean wide-mouthed can. Save your scrap fat (cooked or uncooked) and all types of bones—cooked, uncooked or dry. When you have collected a pound or more of fat dripping, take it to your meat dealer who will pay you the established price for the dripping and the scrap fat. Or you can dispose of them through any Municipal or Salvage Committee collection system IN EFFECT in your community. Be a munition maker right in your own kitchen. For instance, there is enough explosive power hidden in ten pounds of fat to fire 49 anti-aircraft shells. So—every day, this easy way, keep working for Victory for the duration of the war.
